

## Purpose of the

# WEEKLY WORD

### You Can Motivate Others

Because there is no such thing as "Self-made Success", we have designed our website so that you have the opportunity to LITERALLY inspire other individuals throughout the world, by sharing your own thoughts and insights.

After you complete the **WEEKLY WORD** exercise, you may share your insights by writing your thoughts and having them posted on our message board. By having individuals share their weekly successes, it will inspire others to stay committed to being their best.

## *Take Advantage of This Opportunity*

The **WEEKLY WORD** is designed to help you be your best.

By receiving additional encouragement on a weekly basis, you will move closer to being your best as you maximize your true potential.

Feel free to share this opportunity with your friends and family.

The **WEEKLY WORD** will definitely make a difference.
